

The Role of Gala Promoter & Officiating

The query regarding the named Promoter acting as a deck official was recently considered by the Swim England SOG.

The SE SOG have no issue with the Promoter acting as a deck official, providing that a replacement Promoter is appointed for the day and the two roles are kept completely separate on the day i.e. the deck official concentrates on that role and does not get involved in any Promoter's issues.

The one proviso was that they did not believe that the Promoter should act in the role of Lead Referee for the meet because of the potential conflict of interest should any protest be made about the Promoter's Conditions.
