## **Guide to managing your Club Personnel Record**

## Introduction

Volunteers are at the heart of Swim England. Without them, our affiliated clubs and events would simply not function.

However, it is essential that we have a clear picture of who is actively volunteering in our clubs, irrespective of their membership category. To achieve this, we have introduced a way for clubs to record all roles of members.

This will help support the club to plan recruitment and training and will provide us with invaluable information on the support we should be delivering.

The number of individuals involved in clubs is significant so we have introduced an online process to list volunteers in smaller, manageable groups. These are:

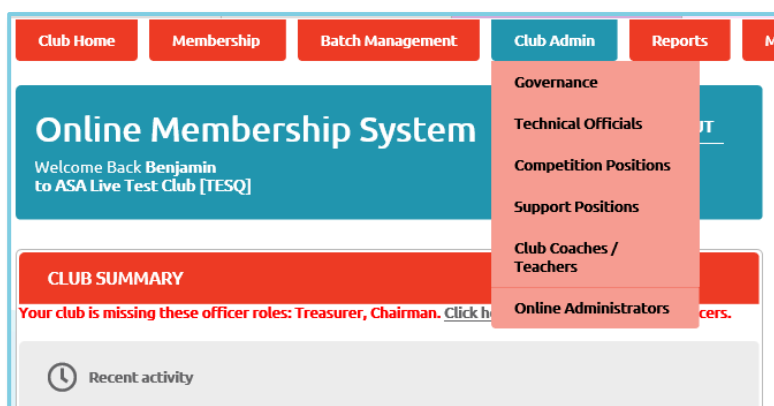

- **Governance** - this covers six roles on the committee. Clubs need to list, as a minimum, a chairperson, secretary, welfare officer and treasurer.
- **Technical officials** - this is an opportunity to indicate who is an ACTIVE technical official
- **Competition positions** - vital roles such as team manager and chaperone at clubs will be covered under this section
- **Support positions** - this list is aimed at capturing every other volunteer in the club.
- **Coaching & Teaching Register** – this register specifically captures coaches and teachers.

This user guide will support you through the process of adding personnel to the club record.

We are also aware that clubs are required to upload a Club Personnel Report as part of SwimMark and the Stronger Affiliation Process. We have adapted the OMS system to ensure each club can download a suitable PDF report, therefore removing the need to reproduce the information on a separate template.

## Club Administration

To assist you adding and viewing your club personnel, we have split the roles into separate areas; Governance, Technical Officials, Competition Positions and Support Positions.

To support you in allocating personnel to the correct roles, we have created a role descriptor table (appendix 1). This table also sets out the DBS, Safeguarding Training and other minimum qualifications for roles commonly seen at club level.

- ★ Initially only the Online Administrator will have access to these areas. To set up your clubs Deputy Online Administrators with access to these areas you will need to edit their permissions from the Online Administrators section.
- ★ The following roles can only be listed in the *Governance section* once for each discipline or the Organisation - Chairperson, Secretary, Treasurer, Welfare and Membership

When adding a position to a member, you must also select a discipline for the position. For example

- If the member is the volunteer secretary for your swimming committee you list them as Vol – Secretary Swimming.
- **If the member is the main club secretary you should list the discipline as Organisation.**
- ★ Swim England will only send out general information to the position marked as Organisation. Where information is specific for a discipline, Swim England will send it to the 'Organisation' and the relevant Discipline contact i.e. Artistic Swimming Secretary

## Reporting

Clubs are required to upload a register of personnel as part of SwimMark and the Stronger Affiliation Process. We have adapted the OMS system to ensure each club can download the required report, therefore removing the need to reproduce the information on a separate template. These reports can be accessed via the reports tab.

The changes to OMS have included the ability to download two slightly different documents for the club to use:

- **Club Personnel Report;** this is a PDF document to be used for SwimMark and Stronger Affiliation. It includes all club personnel information including the Coaching & Teaching Register.

*This is the only report that will be accepted for SwimMark and Stronger Affiliation purposes*

- **Club Personnel Record;** this is a CSV document which is in a format that can be used by the club for monitoring purposes.

# Club Personnel Report Role Descriptor Guidance

To support clubs in developing and maintaining their structure, we have created guidance on the roles available to be recorded via OMS indicating any specific training, DBS and Safeguarding requirements. The following terminology has been used in this document and is explained below:

## Required Minimum Qualifications

- These are IoS/Swim England qualifications that should be viewable on the Club Personnel Report for each role.
- Where qualifications are externally attended such as for Sport Science roles and lifeguards it is important that clubs maintain a record of these in line with the clubs risk assessments for the activities involved.

## DBS/Safeguarding Requirements

- DBS requirement refers to club personnel 16 years and over and is detailed in WavePower 2020-23.
- Safeguarding requirement refers to club personnel 18 years and over and is detailed in WavePower 2020-23.
- Clubs should be mindful that when using 'Other' in any category – this does not exempt the individual from a DBS or Safeguarding Requirement. When using other, the club must evaluate the role in the context of WavePower 2020-23.
- Any questions or queries should be referred to [dbs@swimming.org](mailto:dbs@swimming.org)

## Recommended Courses:

- Clubs who are seeking SwimMark Accreditation must have a minimum of one person active within the club who has completed the [Introduction to Disability Swimming CPD](#)
- All personnel who do not require safeguarding are encouraged to access the [Swim England Child Safeguarding Basic Awareness](#) course. Please note this does not replace the need for a [Safeguarding CPD](#) for those that are in a role where this is a requirement.
