24/19.1 PW informed the Group that due to low numbers that training session which was due to take place in February had to be cancelled. CC has kindly offered to help deliver a Para Development training day on Sunday 28th April at Newmarket Leisure Centre.

24/19.2 CC gave an update on the day. We have the studio hire for longer than expected so that we can deliver two hours CPD for Coaches and Teachers who would like to attend. This will include a blend of theory and practical based workshops exploring integration of para-swimmers, swim technique adaptations as well as the use of self-checks in land work.

The athletes will have a land based session working on self-checks, why they should be used and the adaptations and how they can put it into their pre pool. The athletes will then have a pool session where they will work on technique and for swimmers who are looking to compete to look at the quality of stroke and the technique.

CC will be there on the day to help deliver and support the coaches.
